

Our Parking Guide at The Airport Pub

We charge for our car park due to regulations by Manchester Airport and to ensure our customers have priority as we have a limited number of spaces. In the past, due to our proximity to the airport, our car park wasn't being used by our customers and caused numerous issues.

We use ANPR camera from the moment you enter the car park but offer a 10 minute grace period - after which, you are liable to pay for parking. Please ensure that you have left before the time stated on your ticket or purchase a further top-up. If you are a blue badge holder, you must also purchase a ticket.

How do I pay for Parking?

Our parking meters are located on either side of our main entrance and accept, cash, credit card and contactless or you can pay by using the RingGo app. We've put signs up all around the car park to remind you to pay on arrival and please don't forget that we close and lock our barriers at the end of each trading day until we reopen the next day so we cannot accommodate overnight stays in the car park.
